¹. Content scale based on detail information. Name and phone office only 1-2, credentials, services 3-5, focus of practice, office hours, accessibility 6-7, insurance, fees, CV, picture 8-1

². Based on value to the consumer as a therapist finder: usefulness including accuracy, quality of data, ease of use, speed and flexibility to find matching therapist. Scores 1-3 little use,

* Fields did not work, changing values often no effect on results, selecting female gave males etc.

umber, not geo. Burlington 01803 gave W.MA. 02138 gave same 3 therapist NO matter which criteria were selected! Dummy criteria?
me with extensive info, while others with just address and tel.
anked to # of matches - excellent results with limited network of BCD credentialed practitioners only.

tent weak, but aims to meet needs of practitioner in other ways.

Management Resource Guide - site is ad to sign up for a listing in printed directory.
go to top. Search in Camb MA got 60 but only five with useful info. Huge number of listing from State lic. boards, prof assoc. BCD, AAMFT.

pensive to list, online therapy business

viders show in search results
rch, annual suscriptions \$200. Only site with both therapists and mental health resources. unique service match score.

ly practitioner site - therapist locator a weakness.

» year ul searches.

ted with newsletter, but weak content

oo - MA 1444, ME 0. Great potential but searches inconsistent- state lic. info?

al substance abuse and treatment program search. Liimitation: only non-profit or gov. sponsored programs.
r contact name. Unique editing and email reporting of "profiles" of interest.

0.

4-6 some value, 7+ useful.
